Education

Indian Institute of Technology Guwahati, India Sept 2021 - May 2025
Bachelor of Technology in Electrical and Electronics Engineering

Experience

Ola Electric Technologies June 2025 - July 2026
Strategy and Operations Planning Bengaluru

- Designed and deployed the Minimum Stock Limit (MSL) program, shifting from a make-to-order to a stock-and-sell model by building an **₹200 Cr inventory** buffer across variants , establishing **serviceability to 70%** across India.
- Developed a lotting algorithm utilising MSL inventory for truck dispatches, cutting wait times by **5 days**, improving trucking efficiency by **33%**, driving **32% revenue growth**, and slashing **Order-to-Delivery time from 32 to 14 days**.
- Owned S&OP production planning, managing **₹200 Cr** inventory across India and partnering with cross-functional teams to build 3-month rolling production plans — reducing **working capital by 40%** over a span of 2.5 months.
- Implemented SAP MRP (Material Requirements Planning) from scratch as Raw Material Manager, improving procurement visibility across the supply chain and reducing **stock-outs by 20%** with a **25%** reduction in raw material inventory.
- Partnered with COO and CEO on Fulfilment Operations, owning finished goods inventory end-to-end — devised milk run routes for First Mile, increasing FM truck utilisation by **45%** and reducing overall logistics expenditure by **34%**.
- Led a pan-India inventory rebalancing, redistributing non-moving stock across stores based on sales Daily Run Rate (DRR) — unlocking **27% working capital** and reducing outstanding logistics cost by **37%** via milk run picking lists.
- Drove backend production planning for Bharat Cell (4680) and Shakti (BESS), factoring in supplier lead times, MOQs, and cell yield to build accurate production plans. Improved **cell yield from 42% to 67%** in 2 months.

Beltech Artificial Intelligence Pvt Ltd. August 2026 - Present
Founder's Office - Business Strategy Bengaluru

- Tenders & bid strategy — Owned evaluation of central and state smart-traffic and surveillance tenders worth **₹80–800 Cr**, building the qualification framework and credentials repository behind every bid/no-bid and consortium call.
- Launched 2 new revenue streams beyond core government contracts: GPU colocation and an insurance intelligence product leveraging vehicle and violation data for automated lead generation; owned business case and GTM.

Insurance Dekho May 2024 - July 2024
Technical Product Intern Gurugram

- Automated a recurring manual data entry workflow via a **Flask-based RESTful API** integrated with a **Chrome extension** — enabling dynamic **autofill of forms**, reducing response times by **40%** and eliminating repetitive manual workflows.
- Reduced manual effort by **30 minutes per instance** through end-to-end process automation, improving team productivity.

Projects

Alcheringa Ticketing System Jan 2024 - Feb 2024
Alcheringa, IIT Guwahati

- Conceptualised and designed the **Alcheringa Card Portal** for online sales and the **Executive App** for offline sales, incorporating **unique QR codes** to enhance buyer recognition, security, and reduce forgery.
- Optimised the Executive App to handle **20 entries/minute** at peak load — ensuring zero downtime during the festival.
- Contributed to a **300% YOY increase** in ticket sales and a **400% YOY increase** in offline ticket sales through the combined impact of platform development and on ground sales operations.

Positions of Responsibility

Sales and Curation Head, Alcheringa, IIT Guwahati: Apr 2023 - Mar 2024

- Mentored a team of **280+ executives** across two tiers, managing both online and offline aspects of sales.
- Devised and oversaw the **Alcheringa Card Portal** for streamlined online sales and introduced an **Executive App** to significantly reduce forgery and enhance security through a **one-to-one QR system**.
- Accelerated festival **revenue by 30%**, curating **80+ competitions** and attracting a footfall of **150,000+ audience**.

Achievements and Extra Curriculars

- **Amex Strategy Track**, Reached Level 4 submission round | Top **2%** among **7,000+** registered candidates. *2024*
- **Flipkart Grid**, Reached Level 2 submission round | Top **0.05%** among **400,000+** registered candidates. *2023*
- **JEE**, **AIR 2135** in JEE Advanced | **AIR 2828** in JEE Mains among **1,000,000+** candidates. *2021*
- **UGEE**, Attained **All India Rank 81** among **10,000+** candidates in the Undergraduate Entrance Examination. *2021*
- **Competitive Programming** — Leetcode **Knight** (Top **5%**) | Codeforces **Expert** (Global Rank **188** in CF Round 984)

Technical Skills

Business Tools: SAP ERP - MM, PP Module, ARIBA SSC, MS Excel, PowerPoint, SQL
Programming: C++, C, Java, Python, Flask, HTML, CSS, JavaScript
